Purpose

This policy outlines the approach taken by Bayside International College to ensure a healthy and safe environment for all students, staff and others participating in any activities within the premises or under the employment of Bayside International College.

Bayside International College recognises the importance of providing a safe and healthy environment for staff, students, contractors and visitors during their participation in work and training activities with the organisation.

Bayside International College aspires for excellence in workplace health and safety and is committed to providing an environment which is free from risks and conducive to the productivity and efficiency needs of its staff, students and others.

Definitions

Hazard means any potentially dangerous situation within the work/study environment provided by Bayside International College.

Incident means an event or circumstance that leads – or could have lead - to unintended or unnecessary harm during a person's participation in work and/or training activities with Bayside International College.

Injury means any incident that causes harm to a person during their participation in work and/or training activities with Bayside International College.

Policy

1. Through this policy, Bayside International College meets the requirements of the Work Health and Safety Act 2011 (Commonwealth).
2. Bayside International College is committed to protecting staff and students from harm to their health, safety and welfare through the elimination or minimisation of risks arising from work and study.
3. All staff have a responsibility to work safely, take all reasonable care for their own health and safety; and always consider the health and safety of others who may be affected by their actions.
4. Bayside International College encourages active participation, cooperation and consultation with all students, staff and others in the promotion and development of measures to improve health and safety.
3. All staff will receive induction into their role which will include information about workplace health and safety. Training and updates to information will be provided to staff on a regular basis.

CG6: Health and Safety Policy & Procedure

4. All work and training environments will be routinely assessed to identify safety risks, hazards and identify areas for improvement.
5. Staff who work from home are responsible for ensuring the environment they enter into is free from risk and occupational health and safety hazards.
6. All staff, students and other individuals are required to report any workplace hazards and associated risks and safety incidents as soon as they become aware of them. Bayside International College will take immediate actions to respond to incidents and reduce or mitigate the risks caused by identified hazards.
7. Bayside International College will respond to, investigate and record all health and safety incidents.
8. Appropriate records of the organisation's workplace hazards, risks and workplace injuries will be accurately maintained at all times.

Procedures

1. Workplace & Delivery Site Inspections
